WELCOME TO WILLY STREET

But even Solomon, he says, "the man that wandereth out of the way of understanding shall remain" (I.E., even while living) "in the congregation of the dead." Give not thyself up, then, to fire, lest it invert thee, deaden thee; as for the time it did me. There is awisdom that is woe; but there is a woe that is madness. And there Catskill alike dive down into the blackest gorges, and soar out of them and invisible in the sunny spaces. And even if he for ever flies within gorge, is in the mountains; so that even in his lowest swoop the eagle higher than other birds upon the plain.
